<b>OYO Rooms</b>

## Conclusion

Campus Placement, which was carried out during 2018-19, was successfully completed and it clearly demonstrated the demand of IIT Kota graduates among the top recruiters in various segments of the economy. The outstanding quality of our students as well as the tremendous support provided by the Institute administration, academic units, faculty and staff, alumni, companies and all the well-wishers, contributed to the success of the endeavors towards placements.

Following the trend from previous years, the recruiters appreciated the domain knowledge and training imparted to our students with dedication. This all has been possible due to the combined efforts of the Placement Office including the student placement team, the excellent academic system, and opportunities provided to students for their all-round development.
